

Description

The PLV101 is a full bore plug valve.
Manufactured as standard in Bronze to give long service life on seawater applications.

In conformance with the Pressure Equipment Directive 2014/68/EU.

Standard Range,
Sizes: 1/4" to 6"
Connections: Screwed & PN16

Working pressure: 10 Bar
Max. Working temperature: 104 degC

Features

Coated taper plug for smooth operation
Renewable seats
Resilient seated
Top entry allows in-line maintenance

Materials

Regularly manufactured in a full range of materials including:

Nickel Aluminium Bronze – ASTM B148
Nickel Aluminium Bronze - DS02 747 Part 3
Gunmetal – DS02 830 Part 1
Bronze – ASTM B61/B62
Brass – HTB1
Titanium – ASTM B367
Hastelloy®
Monel®

Other materials available on request

Options

Locking facility (Open & Closed)

Specifications

Designed specifically for Naval Applications.

Dimensions

Screwed

VALVE SIZE		mm					WEIGHT	Drg
