

Series: PLV104
3-Way Diverter Plug Valve

Description

The PLV104 is a 3-way full bore diverter plug valve. Available in "L" or "T" port configurations. Manufactured as standard in Bronze to give long service life on seawater applications.

In conformance with the Pressure Equipment Directive 2014/68/EU.

Standard Range,

Sizes: 1/4" to 6"
Connections: Screwed & PN16

Working pressure: 10 Bar (Class PN10)
Max. Working temperature: 104 degC

Features

Coated taper plug for smooth operation
Renewable seats
Resilient seated
Top entry allows in-line maintenance

Options

"L" or "T" port configurations
Locking facility (in all 3 positions)

Materials

Regularly manufactured in a full range of materials including:

Nickel Aluminium Bronze – ASTM B148
Nickel Aluminium Bronze - DS02 747 Part 3
Gunmetal – DS02 830 Part 1
Bronze – ASTM B61/B62
Brass – HTB1
Titanium – ASTM B367
Hastelloy®
Monel®

Other materials available on request

Specifications

Designed specifically for Naval Applications.
