Series: BAV15

# 3 Piece Barstock Floating Ball Valve

### Description

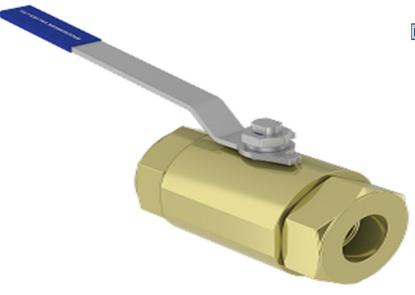

Rev-02

The BAV15 is a 3 Piece barstock, full bore floating ball valve, made from bar stock. Manufactured as standard in NiAIBr giving long service life on seawater applications.

In conformance with the Pressure Equipment Directive 2014/68/EU.

Standard Range, Sizes: 3/8" to 2" Connections: Screwed

Pressure Class 900# Max Working pressure: 2000 psi with suitable seat material.

### **Materials**

Regularly manufactured in a full range of materials including:

Nickel Aluminium Bronze

Bronze

Titanium

Hastelloy®

Monel®

Other materials available on request

### **Features**

Anti-static / Anti blowout stem Cavity pressure relieving seats Pressure equalising ball design Bi-directional Flow Solid Ball

#### **Options**

Locking facility (open & closed)
Extended stems (insulation allowance)
Range of seat materials:
PTFE, RPTFE, etc.

#### **Specifications**

ASME B16.34 Wall Thickness PED Conformity Designed generally in accordance with: API 6D & ISO 17292 (formerly BS5351

ASME B1-20.1 Screwed Ends
