

Quality Policy

1. To consistently provide our customers with valve related products and services which are safe, fit for purpose and meet all relevant statutory and regulatory requirements including applicable standards and codes.
2. All staff are responsible for quality through our QMS in accordance with ISO9001 2015.
3. We will continuously strive to improve the quality of our products, processes and working practices.
4. Risks and opportunities which effect conformity of product and services shall be determined and addressed.
5. To engage all our employees and stakeholders in the maintenance and improvement of quality. To develop staff competencies, engagement and empowerment through development and training programmes.

Jonathan Brooksbank
Managing Director
